WAGES

ETP's enabling legislation requires the Panel to fund training for high-wage jobs, stipulating wage criteria used to develop ETP's minimum wage requirements. The ETP minimum wage is calculated based upon the state average hourly wage for the previous fiscal year determined by the Labor Market Information Division. Minimum wage requirements are updated annually. The ETP minimum wage represents the minimum wage that a trainee must earn upon completion of training and retention. **This Section provides information on calculating wages for ETP purposes, the use of health benefits, and wage Tables identifying current and prior years' minimum wage requirements.**

09.01.00 ETP MINIMUM HOURLY WAGES

What are "ETP Minimum Hourly wages"?

The calculated ETP Minimum Hourly wages (**identified in the wage tables in this Section**) are for New Hires and Retraintees. These wages must be met following training according to Section 10201(g) of the UI Code. This UI Code requires the Panel to fund training, which provides employment with earnings upon completion of the employment retention period, equal to 50 percent, in the case of new hire training, or 60 percent, in the case of retraining, of the state or regional average hourly wage. However, in no case shall the employment result in earnings of less than 45 percent of the State average hourly wage for new hire training and 55 percent of the state average hourly wage for retraining.

09.02.00 CURRENT YEAR ETP MINIMUM WAGES

ETP trainees must earn at least the minimum wages, identified by county, in the following **wage Tables**. **In no event, may a trainee's base wage (exclusive of health benefits) be less than the State or Federal minimum wage, whichever is higher (currently \$6.75), unless otherwise noted (i.e. commission in lieu of regular wages).** The following minimum wage requirements are effective, January 1, 2003.

- Trainees in High Unemployment Area training projects funded under Section 10201.5 must meet the minimum wage standards as shown in Table 1, unless they are approved for a wage waiver by the Panel as identified below, **in which case they may meet the wage requirements in Table 2 below.**
- Trainees in Career Ladders training projects funded under the provisions of CCR Section 4414 and CCR Section 4408 must meet the minimum wage standards as shown in Table 1 unless they are approved for a wage waiver by the Panel.

- **For “working poor” retrainees:** On a case-by-case basis, the Panel may waive the minimum wage requirements up to 25 percent below the ETP minimum wage requirement, before training, provided the trainee’s post-retention wage exceeds their wage before training by at least 7 percent (except in cases precluded by existing collective bargaining agreements). The 7 percent increase must be calculated on the base wage before training, exclusive of any cost of living increase and health benefits.
- **For “working poor” new-hires:** On a case-by-case basis, the ETP minimum wage requirement may be waived up to 25 percent below the

ETP minimum, after training and employment retention. No post-retention wage increase is required.

09.03.00 SUPPLEMENTING TRAINEE WAGES TO MEET THE ETP MINIMUM WAGE REQUIREMENT

Any issues that arise regarding supplementing a trainee's regular wages to meet the ETP minimum wage requirement should be elevated to ETP's Assistant Directors. The following table outlines the use of bonuses, commission, health benefits, overtime, tips, **and mandatory service charges** in calculating employee wages:

ITEM	ALLOWABLE	CRITERIA	COMMENTS
Bonus	Yes	Bonuses may be used to meet the ETP minimum wage requirement if: 1) Employee's base wage is at least the State minimum wage; 2) Criteria for earning bonus is documented; and Bonus is a normal, recurring part of an employee's compensation.	Use of bonuses to meet the ETP minimum wage requirements must be identified in the ETP130, and in the ETP100, Chart 1, Comments.
Commission	Yes	The dollar amount of commission - earned by an employee in addition to or in lieu of a regular wage - may be used to meet the applicable ETP minimum wage requirement. The dollar amount of commission - or commission plus wages - must be equivalent to the applicable ETP minimum wage.	Use of commission to meet the ETP minimum wage requirements must be identified in the ETP130 and in the ETP100, Chart 1, Comments.
Health Benefits	Yes	The dollar value of voluntary <u>employer-paid</u> health benefits may be used to supplement an employee's regular wage for the purpose of meeting ETP's minimum wage requirements. The total dollar amount of voluntary <u>employer-paid</u> health benefits plus the employee's regular wage must meet the applicable ETP minimum wage requirement.	Use of voluntary <u>employer-paid</u> health benefits to meet the ETP minimum wage requirements must be identified in the ETP130, and in the ETP100, Chart 1, Comments.
Overtime	No	The premium paid for any overtime hours worked must not be used to supplement an employee's regular wage rate for the purpose of meeting ETP minimum wage requirements. <u>The employee's regular wage alone must</u>	Generally, any hours worked in excess of 8 hours in a day or 40 hours in a week are subject to overtime compensation. Overtime compensation consists of straight time pay plus a premium of 1/2 times

Tips	<u>Effective May 24, 2002: Use of tips to meet ETP minimum wage requirements is allowable for Career Ladder projects only.</u>	<p>Cash tips of twenty dollars or more in a calendar month (reported as earnings by an employee on written statements furnished to the employer and considered to be wages as of the date of the required filing by the employee) may be used to supplement an employee's regular wage for the purpose of meeting ETP's minimum wage requirements.</p> <p>The total dollar amount of cash tips plus the employee's regular wage must meet the applicable ETP minimum wage requirement.</p>	Use of tips to meet the ETP minimum wage requirements must be identified in the ETP130, and in the ETP100, Chart 1, Comments section.
Mandatory Service Charges (Banquet Tips)	Yes	<p><u>Mandatory</u>* service charges (banquet tips) are considered to be wages and may be used to supplement an employee's regular wage for the purpose of meeting ETP's minimum wage requirement. The total dollar amount of the service charge plus the employee's regular wage must meet the applicable ETP minimum wage requirement.</p> <p>*Mandatory service charges are: (1) compulsory charges that must be paid (in addition to regular charges) by a customer directly to an establishment; (2) subject to sales tax; (3) distributed by the employer to the employee; and, (4) considered wages for federal employment tax purposes and for income tax withholding.</p> <p>Note: In contrast, <i>voluntary</i> gratuities are: (1) optional tips; (2) paid directly to an employee; and, (3) exempt from sales tax.</p>	Use of service charges (banquet tips) to meet the ETP minimum wage requirements must be identified in the ETP130, and in the ETP100, Chart 1, Comments section.

09.04.00 SUBSTANTIATING HEALTH BENEFITS

When the Contractor submits the final invoice, Fiscal Staff verifies the actual hourly wages paid as reported to EDD for U. I. tax purposes. Contractor must be able to substantiate wages (and health benefits when applicable) to ETP staff.

09.05.00 PAYING WAGES DURING TRAINING

Employers in California must pay overtime wages for all employees required to attend any type of classes if the training extends the workers into over-time and is a condition of continuing employment. Early in the development of an Agreement, staff should notify Contractors that they must adhere to all state and federal labor laws. In addition, staff should be alert to any situation in which trainees are being required to attend classes outside regular working hours, extending the worker into overtime. If the issue does arise and is not resolved at the staff level to conform to the state law, staff should immediately elevate the problem to **their** manager.

09.06.00 PREVIOUS YEARS' MINIMUM WAGES
